NGUYEN THANH LOC

WEB DEVELOPER

PERSONAL PROFILE

I'm a web developer with over 2 years of experience, skilled in both frontend and backend development. I've worked on diverse projects, and while my primary expertise is in frontend, I'm continually improving my backend skills. I've gained practical experience through various projects and I'm currently building a personal portfolio to showcase my work.

WORK EXPERIENCE

PLAYGROUND CO., LTD | October 2021 to the present:

- During my time at PLAYGROUND, I had the opportunity to participate in the development of products related to blockchain technology and software outsourcing.
- I have been involved in various projects at the company, including DeFi initiatives, virtual wallet solutions, decentralized exchanges, web3 projects, admin panels, and even some projects related to artificial intelligence (AI).
- I had the opportunity to familiarize myself with various new technologies such as ReactJS, Next.js, Vue.js, Node.js, NestJS, and Ionic, which helped me develop a deep understanding of these technologies.

TIKATIKA CONNECT CO., LTD | May 2021 to October 2021.

- Fixed bugs from existing websites and implemented enhancements that significantly improved web functionality and speed
- Collaborating with the backend team to participate in building new features
- I have had the opportunity to further develop my teamwork and communication skills, as well as acquire substantial expertise in Frontend technologies like ReactJS and VueJS. Additionally. I've expanded my knowledge in Backend development with ExpressJS

Furthermore, I also undertook several freelance projects in the evenings to enhance my experience and develop various additional skills.
